

# LEARNING AT HOME SCHOOL AGE WEEK 4

April 13th-17th

Dear Families,

We are excited to launch plans for Week 4. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

## Music Monday

Activity 1: Make instruments using plastic eggs and rice, Empty water bottles with rice, or Empty cans (coffee, formula) and wooden spoons). Pretend to be a marching band with your child.

Activity 2: Outside your child can find nature items they can use to make sounds (stick = rhythm sticks) and march around the yard.

Activity 3: Play freeze dance with your child.

## Tasty Tuesday

Activity 1: Let your child get in the kitchen with you and learn to cook or bake. Start with simple recipes that your child can measure out ingredients.

Activity 2: Gather recycled food boxes and let your child use them to build.

Activity 3: Help your child with their cutting skills by making a fruit salad together. Use their favorite fruits and let them cut the fruit using a plastic knife.

## Work Together Wednesday

Activity 1: Work with your child to build something. Give them paper and writing materials to draw it.

Activity 2: Work together with your child to play board games. Practice turn taking with them.

Activity 3: Take toys and building materials outside for the children to build. Once they have built something, use paper and writing materials to draw the shadow of their building or other toy.

# LEARNING AT HOME SCHOOL AGE WEEK 4

April 13th-17th

## Artsy Thursday

Activity 1: Bring art materials outside. Let your child create art in a different environment.

Activity 2: Take a nature walk outside. Gather items from nature that your child can turn into art. Let them create their own masterpiece using nature.

Activity 3: Still life Art: Place an object in the middle of the table and let your child draw or paint that object.

## Family Friday

Activity 1: Do a family activity today. Take a walk together (or bike ride) or do a family scavenger hunt.

Activity 2: Give your child materials to draw a picture of your family.

Activity 3: Make a fort in your living room using sheets.

## Additional Information

The Week of the Young Child™ is an annual celebration sponsored by the National Association for the Education of Young Children (NAEYC) celebrating early learning, young children, their teachers and families.
