

# LEARNING AT HOME INFANT WEEK 12

June 8th-12th

Dear Families,

We are excited to launch plans for Week 12. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

## Language Development

### Play Picnic

Have a play picnic outside with your infant. Bring out toy vehicles and talk to your infant while playing cars with them. Introduce new vocabulary such as colors, shapes, or types of transportation.

## Social-Emotional Development

### Airplane Baby!

You want to build trust with your infant. One activity to build that trust is to pretend to be an airplane. Hold your infant in the football position and rock them back and forth as if they were an airplane. With older infants, you can lay on your back and hold them above you like a plane.

## Physical Literacy

### Demolition Station

Encourage your infant to help stack blocks to make a tower. Let them knock it over and then build it again.

# LEARNING AT HOME INFANT WEEK 12

June 8th-12th

## Cognitive Development

### Nesting Cups

Provide nesting cups for your infant and count with them as you or they add cups to a pile. Cheer them on as they play.

## Creative Activity

### Sticky Construction

Add contact paper, sticky side outward, to a low wall. Provide large foam/felt shapes for you infant to stick to the wall and build. Show your infant how the items can stick and encourage them to continue. If you do not have contact paper, you get give them glue and do this activity on a table.

## Additional Activities

**Sensory:** Car Wash: Add cars and sponges (or a wash cloth) to a small sensory bin. Encourage your infant to wipe the car with the sponge to wash it.

**Sensory:** Toy trucks in a sensory tray. Provide a shallow tray with infant cereal or oatmeal and toy trucks or cars. Encourage your child to roll their toy vehicles back and forth. Bring their attention to the tire tracks their vehicles leave behind as they play.

**Books:** Read transportation themed books with your baby.
