

LEARNING AT HOME OLDER PRESCHOOLER WEEK 17

July 13th-July 17th

Dear Families,

We are excited to launch plans for Week 17. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

Language Development

Space Dough Letters

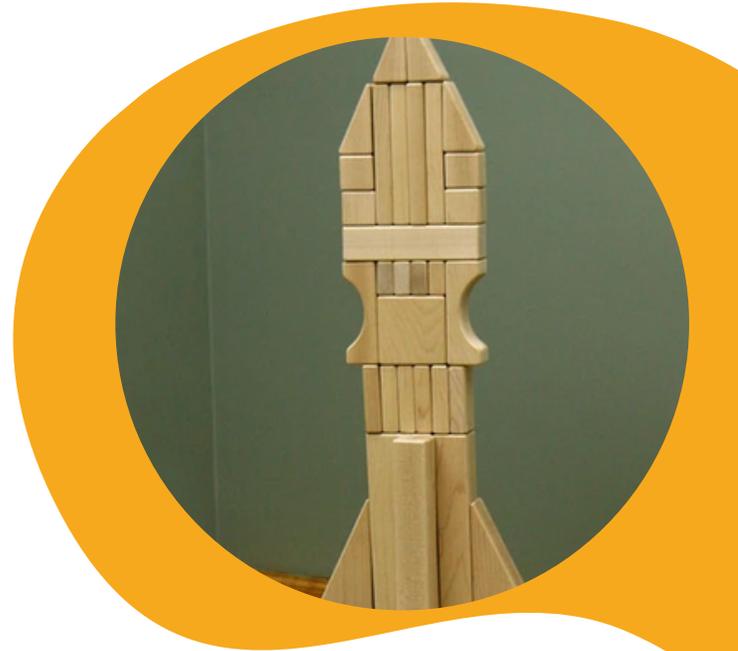

Make galaxy playdough using Galaxy PlayDough: 1 cup flour, 1 cup water, 1/2 cup salt, 1 tbsp oil, Food Coloring, Glitter, Glitter Stars * This recipe makes 1 batch of playdough. To make galaxy playdough (tie dyed), you will need to make 3 batches (1 of each color). Stir all the ingredients together and knead the dough until pliable. Once you have made all three colors, mix together to make the galaxy dough. Encourage your child to make letters with the dough.

Social-Emotional Development

Rocketships

Work with your child to build a rocketship out of building materials such as blocks, legos, and/or magnetiles.

Physical Literacy

Meteor Soccer

Pretend that a soccer ball is a meteor from outer space. Practice running around the yard or park with your child and kicking the meteor to each other.

LEARNING AT HOME OLDER PRESCHOOLER WEEK 17

July 13th-July 17th

Cognitive Development

Sequence Numbers Rocket Ship

Provide number squares and the bottom and top of a rocket for your child to sequence their numbers to make the rocket tall or short.

Creative Activity

Coffee Filter Planets

Use markers to decorate coffee filter planets. Once your child is done with their design, spray the coffee filter with a little water. Ring the water out and let dry.

Additional Activities

Rocket Ship Names: Have your child make a rocket ship using construction paper, markers, crayons and the letters of their name.

Moon Sand: Make moon sand using 8 cups flour and 1 cup vegetable oil or baby oil. Mix together until the flour is moldable. Provide your child with rocks, balls (planets) and glow in the dark stars.

Bubble Experiment: Add corn syrup to your bubble mix and see the changes in the bubbles.
