

LEARNING AT HOME YOUNG PRESCHOOLER WEEK 17

July 13th-July 17th

Dear Families,

We are excited to launch plans for Week 17. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

Language Development

Star Letter Search

Add letters to star shaped construction paper. Hide the stars in a sensory bin filled with sand or dried black beans. Let your child search for the letters and identify the ones that they find.

Social-Emotional Development

Space Sensory Bottles

Make space themed sensory bottles with your child that they can use to help calm them when they are upset. Sensory bottles ideas: Glow in the dark stars in colored water, colored water and glitter, or colored water with sequin stars.

Physical Literacy

Asteroid Toss

Crumble up aluminum foil and set up three baskets in a row. Let your child toss the foil asteroids into a baskets.

LEARNING AT HOME YOUNG PRESCHOOLER WEEK 17

July 13th-July 17th

Cognitive Development

What Melts in the Sun?

Put different materials in the sun and talk to your child about what they think is going to happen to them. Write down their answers and observe to see what melts. Some materials you can use: crayon, Lego, wooden block, bar of soap, chocolate.

Creative Activity

Paper Towel Tube Rocket

Decorate a paper towel tube using a variety of art materials to make a rocketship. Art materials that you can use are paint, crayons, markers, foam shapes, felt, and construction paper.

Additional Activities

Purple and Blue Solar System: Let your child use a paint brush with water with food coloring in it. Paint the background using dark colors then add white paint splattered to make stars.

Moon Sand: Make moon sand using 8 cups flour and 1 cup vegetable oil or baby oil. Mix together until the flour is moldable. Provide your child with sand toys to explore.

Moon Dust Writing: Make moon dust using salt and food coloring (to make gray). Add your moon dust to a cookie sheet and let your child practice writing letters.
