

Flu Shot Day Care Requirement

The State of Connecticut has made it **MANDATORY** that all children enrolled in daycare, age 6 months to 4 years, 11 months, **MUST** receive the flu vaccine between September 1, 2020 and December 31, 2020. Your child will need to receive two doses of the flu vaccine if they had not received the vaccine in the past.

Failure to have your child immunized for the flu during the time allowed, or failure to bring in a letter from your doctor if your child can't get it for medical reasons, will result in the exclusion from daycare for the entire length of the flu season (January 1st until March 31st)

Please bring this letter back with the bottom portion completely filled out so that the state can track your compliance with their regulations.

Thank you for your cooperation in this most serious matter.

Flu Shot Administration Confirmation

Child's name _____

D.O.B. _____ Date vaccine administered _____

Signature of person administering vaccine _____

Print name/title of person administering vaccine _____

Address where vaccine was administered _____

YOU MUST SUBMIT A LETTER OR EXEMPTION ON YOUR CHILD'S PEDIATRICIANS' LETTERHEAD EXPLAINING THE CONDITIONS OF YOUR CHILD'S EXCLUSION FROM THE FLU VACCINE REQUIREMENT.
