

# LEARNING AT HOME YOUNG TODDLER WEEK 24

August 31st-September 4th

Dear Families,

We are excited to launch plans for Week 24. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

## Language Development

### Five Senses

Talk with your toddler about the five senses. Introduce them to what the senses are and where they use it. You can say "One of our senses is sight, we can see with our eyes. What can you see with your eyes?". Go through taste, touch, smell and hear as well.

## Social-Emotional Development

### Baby Dolls

If you have baby dolls at home, model with your child how to take care of the baby. Help your toddler learn to feed, soothe and burp the baby. If you do not have baby dolls, you can use stuffed animals.

## Physical Literacy

### Head, Shoulders, Knees and Toes

Sing the song "Head, Shoulders, Knees and Toes" with your toddler. Encourage them to do the movements in the song.

# LEARNING AT HOME YOUNG TODDLER WEEK 24

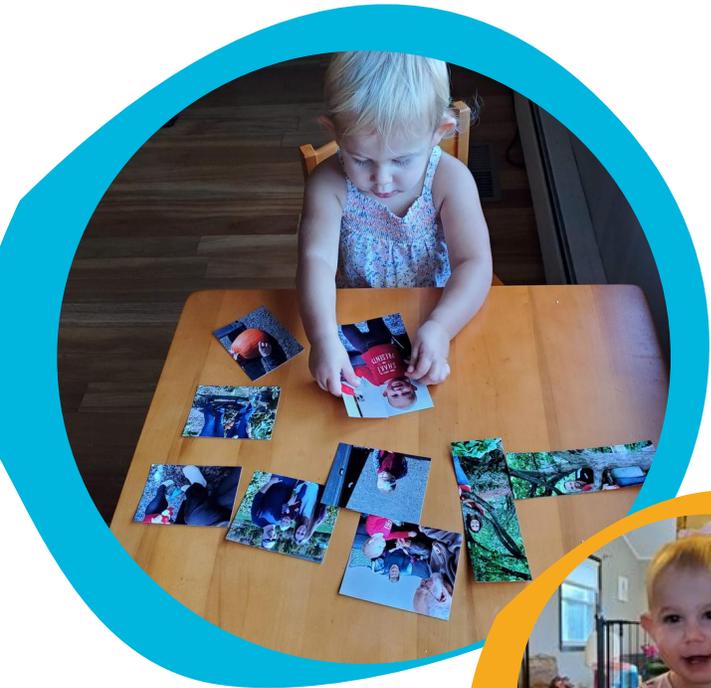

August 31st-September 4th

## Cognitive Development

### Picture Puzzles

Print out pictures of your toddler, family member and friends. Cut them in half and encourage your toddler to put the pictures back together like a puzzle.

## Creative Activity

### Scented Painting

Make scented paint that your toddler can use to paint a picture. You can mix applesauce with food coloring adding cinnamon for scent or use Kool-Aid packets mixed with water.

## Additional Activities

Instruments: Explore instruments outside with your toddler. Talk about the different sounds that they hear with the different instruments.

I-Spy: Play I-Spy outside with your toddler. Encourage them to look for items outside that are different colors or shapes.
