

LEARNING AT HOME OLDER PRESCHOOLER WEEK 6

January 4th- January 8th

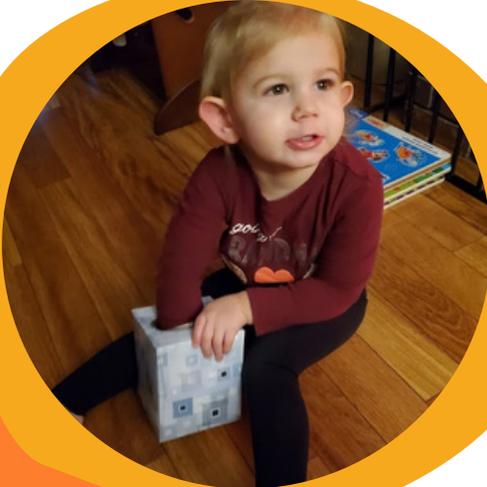

Dear Families,

We are excited to launch plans for Week 6. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

Language Development

Tissue Box Sensory Guessing Game

Provide your child with empty tissue boxes with items hidden inside. Have your child feel what is in the box, try to describe it and figure out what is in the box without looking.

Social-Emotional Development

If your happy and you know it

Sing the song if you are happy and you know it with your child. Change up the words a little and add different emotions to the song. Add motions to go with the different emotions (sad-rub your eyes, excited-jump, mad-make a mad face).

Physical Literacy

Scientist says

Play scientist says with your child. It is just like Simon says so they have to listen to see if you say scientist or not before doing any of the movements.

LEARNING AT HOME OLDER PRESCHOOLER WEEK 6

January 4th- January 8th

Cognitive Development

Magnet Exploration

Provide your child with a magnet, items that are magnetic, and items that are nonmagnetic. Let your child use the magnet to identify if it is magnetic or nonmagnetic.

Creative Activity

Baking Soda Paint

Mix some baking soda, food coloring and water together to make a paint. Let your child paint with the baking soda paint on paper. Once they have finished, let them use eye droppers with vinegar to drop on their artwork. Watch the reaction and wait to see what the art looks like.

Additional Activities

Moon Sand: Make moon sand with your child by mixing 8 cups of flour and 1 cup of oil (baby or vegetable). If you want to add color to your moon sand, you can add it to your liquid before mixing them.

Paper Airplanes: Use paper to create different kinds of paper airplanes with your child. Encourage them to take them outside to fly them or in a safe room in the house.
