

LEARNING AT HOME YOUNG TODDLER WEEK 7

January 11th- January 15th

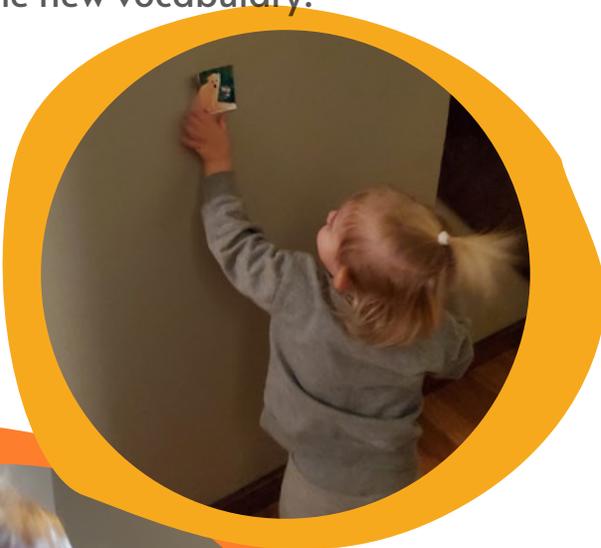

Dear Families,

We are excited to launch plans for Week 7. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

Language Development

Hide and Seek Polar Animals

Hide pictures of polar animals around your house or yard. Encourage your child to walk around and find the different polar animals in your house. Encourage the child to name the polar animal. If they cannot name the animal, introduce them to the new vocabulary.

Social-Emotional Development

Block Igloo

Pull out the blocks and work together with your child to build an igloo for their animals. Encourage teamwork with your child and model manners.

Physical Literacy

Seal Tricks

Pull out a beach ball and do some seal tricks with your child. Take turns doing tricks with the beach ball. Cheer your child on when they attempt or are able to do the trick. *You can use a balloon if you don't have a beach ball but make sure to supervise since balloons are choking hazards when popped.

LEARNING AT HOME YOUNG TODDLER WEEK 7

January 11th- January 15th

Cognitive Development

Feed the Penguin

Make a penguin with your child using a recycled box or container. Provide your child with the penguin and paper fish. Let your child feed the penguin the fish. Work on counting by helping them count as they are feeding the penguin.

Creative Activity

Snow Tracks

Provide your toddler with a taste safe paint, paper, and animals. Let your toddler grip the animals, dip them in the paint and stamp them on the paper. Taste safe paint recipe: Mashed potato paint- Mix mashed potato flakes and water to make a paint.

Additional Activities

Fill and Dump Snowballs: Dump out crumbled paper or fake snowballs. Provide your child with a bucket and a shovel. Let your child pick up the snowballs and add them to the bucket. Practice counting as you pick up the items. After, let them dump them out again and start all over again.

Chalk on paper: Provide your child with dark colored paper and chalk. Let your child explore the chalk and draw on the paper. Bring their attention to the marks that the chalk leaves on the paper.
