

LEARNING AT HOME OLDER TODDLER WEEK 9

January 25th- January 29th

Dear Families,

We are excited to launch plans for Week 9. There are some great options for physical activities in an indoor environment. Additionally, some simple ideas with materials available at home to support the creative undertakings. We hope you enjoy this week's plan with your little ones!

Language Development

Snowman Building

Show your child a picture of a snowman. Ask them what they will need to make a snowman (snow, hat, sticks, buttons or coal, carrot, scarf). If there is snow outside, go outside and build a snowman together using all the items your child wants to include.

Social-Emotional Development

Cooperative Building

Provide your child with colored or plain ice cubes (mix food coloring in before freezing). Work together to build a structure with the ice cubes.

Physical Literacy

Snowball Toss

Provide your child with fake snowballs (rolled socks or crumbled paper works as well). Set up a target or a bucket for them to practice throwing the snowball.

LEARNING AT HOME OLDER TODDLER WEEK 9

January 25th- January 29th

Cognitive Development

Colored Snowball Sorting

Provide the children with colored snowballs (pom poms or crumbled paper). Have your child sort the snowballs by color and talk about the colors that they are sorting.

Creative Activity

Snowman Collage

Provide your children with paper, glue, and a variety of white materials (paper, cotton rounds, cotton balls, paper towel, streamers, coffee filters, doilies). Let your child use the materials to make a snowman. Provide them with additional colors to add the details on their snowman.

Additional Activities

Snow Story: Read a book about snow with your child. Talk to them about the illustrations in the story and any new vocabulary you might come across.

Writing Exploration: Provide your child with crayons and paper. Let them explore with the crayons to make scribbles and marks on their paper.

Felt Snowman: Provide your child with a felt snowman and felt pieces to go with it. Let your child explore with the materials to create a snowman.
